Prism Series Bullet Camera

High resolution and low-light clarity, built to protect day and night.

Prism Series is Grand Alarms for Business's next-generation camera line, built for clarity, reliability, and protection—day and night. The Prism Series Bullet Camera (VC7398PA) captures every detail in Ultra HD resolution. VividNight[™] technology delivers exceptional low-light performance, producing crisp, detailed footage even in dim conditions. Proactive video deterrence features, such as Remote Video Monitoring and AI Deterrence, prevent incidents before they happen. Two-way audio enables real-time communication. The motorized varifocal lens provides precise, flexible coverage for any space. Fully integrated with the Grand Alarms for Business platform, the Prism Series cameras are an ideal choice for professional business security installations.

Key Features

8MP Ultra HD Resolution

Capture every detail with 8MP resolution for crisp, professional-quality video day and night.

Proactive Video Deterrence

Fully integrated with Remote Video Monitoring and AI Deterrence.

VividNight[™] Color Performance

See more in low light with vibrant, true-to-life color, even in challenging night-time conditions.

Two-Way Audio

See, hear, and speak with a built-in mic and line-level I/O.
